

ERGO TREND

PLATFORM WITH PLUG-IN LEGS

PLATFORM WITH PLUG-IN LEGS

Probably the best-selling platform system with an ergonomically designed aluminium frame and both internal and external groove channels. An inexpensive and reliable solution that can be used as a stage platform or to construct complex stands.

Ergonomic aluminium profile

The ERGO nomically shaped aluminium upper frame is comfortable in the hand and also allows the platform to be carried over long distances.

Groove channels

Both the peripheral and the inner multi-functional groove channels can be used to attach system accessories.

The platforms can be connected using clamp connectors or assembly brackets, making the system compatible with all commercial platforms.

Leg mount

The 2M leg mount made of die-cast zinc is designed for use with round pipe or square pipe with dimensions of 40 mm to 60 mm.

The leg can be compacted using an M10 adjustment screw or via an eccentric quick release system depending on the customer's wishes – and it is possible to switch between these configurations in seconds.

Surfaces

A non-slip phenolic plywood (birch throughout) made with waterproof glue or a 22-mm multiplex birch plywood are available as standard base boards.

Additional surfaces such as carpet, plexiglass etc. are also available upon request, expanding our product portfolio further.

Special structures

Overlengths, sections or triangles can be made to measure.

DETAILS

Die-cast zinc leg mount including handwheel

TECHNICAL DATA

Product category	Platforms with plug-in legs
Movable/Stationary	mobile
Dimensions	2 m x 1 m
Special size possible	yes
Weight	42 kg
Backing plate thickness	22 mm
Frame height	90 mm
Pit depth	-
Horizontal test load	1/10 of the vertical test load
Vertical test load	8.5 kN/m ² (867 kg/m ²)
Horizontal traffic load	1/10 of the vertical live load
Vertical traffic load	5.0 kN/m ² (510 kg/m ²)
Max. stage height	-
TÜV certificate	DIN 13814, 4112, 1055, 15921

ACCESSORIES

Stairs and handrails

Railing

Feet

Connectors

Transport
